Payee General Instructions

Form CT-W4P, Withholding Certificate for Pension or Annuity Payments, is for Connecticut resident recipients of pension, annuities and certain other deferred compensation subject to Connecticut income tax. Form CT-W4P provides your payer with the necessary information to withhold the correct amount of Connecticut income tax from your pension or annuity payment to ensure that you will not be underwithheld or overwithheld.

Effective January 1, 2018, payers of taxable pension or annuity distributions are required to deduct and withhold income tax from such distributions. Payers must calculate the amount to withhold from such distributions using the same method that employers use to determine the amount to withhold from wages.

Complete Form CT-W4P by selecting a withholding code based on the filing status you expect to report on your Connecticut income tax return and the statement that best describes your gross income. Form CT-W4P for years 2017 and prior are obsolete.

For Connecticut income tax purposes, gross income means all income from all sources, whether received in the form of money, goods, property, or services, not exempt from federal income tax, and includes any additions to income from Schedule 1 of Form CT-1040, Connecticut Resident Income Tax Return or Form CT-1040NR/PY, Connecticut Nonresident and Part-Year Resident Return.

Generally, the filing status you expect to report on your Connecticut income tax return is the same as the filing status you expect to report on your federal income tax return. However, special rules apply to married individuals who file a joint federal return but have a different residency status. Nonresidents and part-year residents should see the instructions to Form CT-1040NR/PY.

You can’t designate a specific dollar amount to be withheld. Failure to give your payer a properly completed 2018 Form CT-W4P will result in 6.99% withholding from your payment(s).

Form CT-W4P will remain in effect until you submit a new one. You should complete a new Form CT-W4P if your tax situation changes, such as your filing status changes. You should furnish your payer with a new Form CT-W4P within ten days of the change.

These rules do not apply to lump sum distributions (distributions of the entire account balance). The withholding rate for lump sum distributions is 6.99%.

Check Your Withholding
You may be underwithheld if any of the following apply:

- You or your spouse, or both, have more than one source of income, whether or not subject to withholding;
- You qualify under Certain Married Individuals and do not use the Supplemental Table on Page 3 and Page 4; or
- You have substantial other income such as interest, dividends or capital gains.

If you are underwithheld, you should consider adjusting your withholding or making estimated payments using Form CT-1040ES, Estimated Connecticut Income Tax Payment Coupon for Individuals. You may also select Withholding Code “D” to elect the highest level of withholding.

If you owe $1,000 or more in Connecticut income tax over and above what has been withheld from your income for the prior taxable year, you may be subject to interest on the underpayment at the rate of 1% per month or fraction of a month.

To help determine if your withholding is correct, see Informational Publication 2018(7), Is My Connecticut Withholding Correct?

Certain Married Individuals
If you are a married individual filing jointly and you and your spouse both select Withholding Code “A,” you may have too much or too little Connecticut income tax withheld from your pension or annuity payment. This is because the phase-out of the personal exemption and credit is based on your combined incomes. The withholding tables cannot reflect your exact withholding requirement without considering the income of your spouse.

To minimize this problem, use the Supplemental Table on Page 3 and Page 4 to adjust your withholding. You are not required to use this table. Do not use the supplemental table to adjust your withholding if you use the worksheet in IP 2018(7).

Payer Instructions
For any payee who does not complete Form CT-W4P, you are required to withhold at the highest marginal rate of 6.99% without allowance for exemption. You are required to keep Form CT-W4P in your files for each payee. See Informational Publication 2017(8), Connecticut Tax Guide for Payers of Nonpayroll Amounts, for complete instructions.
