

# NC-4P Withholding Certificate for Pension or Annuity Payments

**PURPOSE.** Form NC-4P is for North Carolina residents who are recipients of income from pensions, annuities, and certain other deferred compensation plans. Use the form to tell payers whether you want any State income tax withheld and on what basis. You can also use the form to choose not to have State income tax withheld. However, you cannot make this choice for eligible rollover distributions. The method and rate of withholding depends on whether the payment you receive is a periodic payment or a nonperiodic distribution. This form is also to be used by a nonresident with a North Carolina address to indicate that no tax is to be withheld from pension payments.

**Caution:** If you furnish a pension payer a **Withholding Certificate for Pension or Annuity Payments** that contains information which has no reasonable basis and results in a lesser amount of tax being withheld than would have been withheld had you furnished reasonable information, you are subject to a penalty of 50% of the amount not properly withheld. You may be subject to interest for underpayment of estimated income tax, that applies for not paying enough tax during the year, either through withholding or estimated tax payments. New retirees should see Form NC-40, Individual Estimated Income Tax, for details on the estimated income tax requirements. You may be able to avoid quarterly estimated income tax payments by having enough tax withheld from your pension or annuity using Form NC-4P.

**PERIODIC PAYMENTS.** Withholding from periodic payments of a pension or annuity is figured in the same manner as withholding from wages. Periodic payments are made in installments at regular intervals over a period of more than one year. They may be paid annually, quarterly, monthly, etc. If you want State income tax withheld, you should complete the **Form NC-4P Allowance Worksheet**. You can designate an additional amount to be withheld on line 3 of Form NC-4P. Submit the completed form to your payer. If you do not submit Form NC-4P to your payer, the payer must withhold on periodic payments as if you are single with no withholding allowances.

For periodic payments, your Form NC-4P stays in effect until you change or revoke it. Your payer must notify you each year of your right to choose not to have State income tax withheld or to revoke your election.

**NONPERIODIC DISTRIBUTIONS - 4% WITHHOLDING.** Your payer must withhold a flat 4% from a nonperiodic distribution unless you choose not to have income tax withheld. A nonperiodic distribution means any distribution which is not a periodic payment. (The 4% withholding is required on eligible rollover distributions and you cannot choose not to have income tax withheld from those distributions.) Distributions from an IRA that are payable on demand are treated as nonperiodic distributions. The election to withhold

from nonperiodic distributions applies on a distribution by distribution basis. If you choose not to have tax withheld from a nonperiodic distribution, you should check the box on line 1 of Form NC-4P and submit the completed form to your payer.

**MISSING OR INCORRECT TAXPAYER IDENTIFICATION NUMBER.** If you submit an NC-4P that does not contain the taxpayer identification number, or if the identification number is incorrect, the payer cannot honor your request not to have income tax withheld. The payer must withhold on periodic payments as if you are single with no withholding allowances. Withholding on nonperiodic distributions will be at the 4% rate.

**REVOKING YOUR "NO WITHHOLDING" CHOICE.** If you previously chose not to have State income tax withheld on either periodic or nonperiodic payments, complete another NC-4P and submit to your payer. Write "Revoked" next to the check box on line 1 of the form and tax will be withheld at the rate set by law.

**IMPORTANT.** Government retirees whose income is exempt from State tax as a result of the *Bailey Settlement* should choose no withholding by checking the box on line 1 of Form NC-4P.
